

RMA Policy Reference Guide

Infinite Uptime has established the following guidelines to give our customer the best support and shortest service turn-around time possible. INFINITE UPTIME tech support staff is available to assist you in resolving any product or application difficulties you may have – reach out to: support@infinite-uptime.com
In many cases we will be able to resolve problems quickly over the phone without necessitating a product return. This document explains the policy and procedure should the need arise for return of “faulty” product.

All returns from customers must be authorized with an Infinite Uptime Return Material Authorization number, which will be issued by our Technical Assistance Centre’s Customer Experience Management team member.

Our Product returns fall into two categories:

- a) **Repair**
- b) **Replacement**

1.0 Warranty

1.1 Warranty for IDE under Subscription model

The Industrial Data Enabler (IDE) does not fall under warranty conditions as this product is fully owned by Infinite uptime and the customer has opted for subscription services. Only those IDE which have been sold as product shall be covered under IU warranty.

For Third party Items supplied by our company, the warranty is provided by the OEM. All Non- INFINITE UPTIME products will be covered by the original manufacturers’ warranty and time period shall not exceed one year of coverage through INFINITE UPTIME. The warranty will be void if a product has been subjected to conditions in violation of their coverage conditions (exclusions as stated below).

1.2 Exclusions from warranty

The product is treated as exclusion from warranty if:

- The product has been found to be defective after expiry of the warranty period.
- The product has been subjected to misuse or unauthorized disassembly, modification, unsuitable physical or operating environment, improper maintenance by customer, or failure caused which INFINITE UPTIME is not responsible whether by accident or other cause. Such conditions will be determined by INFINITE UPTIME in its sole unfettered discretion.
- Product is damaged beyond repair due to nature disasters, for example, lighting strike, flood, earthquake, etc.
- Warranty will be voided by removal or alteration of product or parts identification labels.
- Other products and accessories not manufactured by INFINITE UPTIME are limited to the warranty provided by the original manufacturer. Examples of such products and accessories include Adaptors, Routers, etc.
- Consumable items (fuses, batteries, etc.) and Non- INFINITE UPTIME supplied software or interfacing.

1.3 International RMA services

International RMA services are provided to customers upon request. It is based on the unit price of invoice and Period term of Subscription

A service contract is required for all extended or global warranty service and ODM product

2.0 Global Repair & Return Policy and Process

The following is the R&R policy of IU:

- All IDEs whether under valid subscription or under warranty shall be able to avail of our R&R policy
- IDEs not under production will be replaced with a compatible product of the nearest version
- Customers will open a case with our Technical Assistance Centre (TAC) on support@infinite-uptime.com
- Only after due authorization and approval by our TAC team, the RMA process will be initiated by giving RMA#
- RMA# is only an authorization for returning a product; it is not an approval for repair or replacement.
- Customers (both domestic and International) will bear the cost of shipping the “faulty” units back to our facility in India accompanied by proper documentation and approved case id etc
- IU will bear the cost of shipping of working units to your site under Advance Replacement Process defined below
- Any units found to be faulty due to warranty exclusion conditions as explained above will be subject to additional repair charges as per IU company policy

2.1 Advance Replacement Process

- Customer/CP/OEM/IU team member will open a TAC case
- After due approval by TAC team member, TAC will authorize shipment of advance replacement units to your site using the RMA number
- Replacement units will be of the same version or higher than the current version of your IDE
- Replacement units will be warranted for shipment at our end .
- Installation and configuration of the IDEs at the site will be carried out under the maintenance contract/ arrangement with our company or its partners.
- TAC will not close the case till the “faulty” units are returned back to our site
- RMA Replacement will be initiated within 3 days of TAC approval.

2.2 Return Process

- Customer/CP/OEM will be responsible and liable for any missing or damaged parts during transit to our facility
- Customer/CP/OEM is liable either to insure all the IU supplied products or assume the liability for loss or damage during transit. Please list all items you plan to send to us. INFINITE UPTIME is not responsible for any items not listed.
- TAC Ticket should be accompanied with appropriate evidences E.g. Photo, Video etc.,TAC might ask for additional inputs or details.
- All returns from customers must be authorized with an INFINITE UPTIME Return Material Authorization number or they will be refused at the INFINITE UPTIME dock and returned to the customer.

- Return Material Authorization number is void after 30 days, and must be clearly marked on the exterior of the original shipping container or equivalent.
- Proper handling, packaging, and shipping of products allow for quick processing of your request and helps ensure product quality.
- The numbers should be visible on the package.

2.1 Shipment:

The return must not be damaged, altered or marked, with all included parts and accessories as originally shipped, along with subscription copy.

2.3 Out of Warranty/ RMA Repair for IDEs

- RMA Returned products will be inspected and the appropriate action will be determined by RMA Department. Any returns that do not meet this requirement and in violation of the Exclusion conditions mentioned before will be denied as free replacement as determined by the INFINITE UPTIME RMA Dept. and appropriate charges will be raised against the said RMA (either Repair or Replacement)
- Typical RMA processing time is 5 working days after receipt of goods.
- Any unit found to be defective after expiry of the warranty period will be treated as Out of Warranty Repair and charged extra as applicable (either repair or replacement).
- Warranty will be voided by removal or alteration of product or parts identification labels.
- The product though repaired within the warranty period, has been subjected to misuse or unauthorized disassembly, modification, unsuitable physical or operating environment, improper maintenance by customer, or failure caused which INFINITE UPTIME is not responsible whether by accident or other cause.
- Product is physically damaged beyond repair due to natural disasters or improperly packaged and shipped
- Product updates, reworks, and tests upon the request of customers who are without warranty or valid subscription
- Systems out of warranty repair will incur evaluation fee with actual repair charges to be determined after receipt and evaluation in TAC.
- Board level out of warranty repairs requires an additional evaluation fee. The actual repair fee does not include 3rd party peripherals that may need to be replaced on the board.
- If a product has been repaired by INFINITE UPTIME, and within three months after such repair the product requires further repair for the same problem, INFINITE UPTIME will affect such further repair free of charge. However, such free repair does not apply to a product, which has been subjected to misuse, abuse, and unauthorized repair or with different defective problem.

INFINITE UPTIME will repair the out of warranty unit but not responsible to guarantee to perform this repair service based on lack of spare parts and / or any tech reason.

2.4 Repair service for phased-out products

INFINITE UPTIME offers a continuous repair service for two year after the date of announcement of the product phase-out. This service may vary product to product.

4. Shipping Procedure

The customer is responsible for the shipping cost for sending products to INFINITE UPTIME. In return, INFINITE UPTIME pays the shipping cost for sending the products back to the customer. Unless requested, the customer must pay for the additional charges for an alternate shipping method.

Proper handling, packaging, and shipping of products allow for quick processing of your request and helps ensure product quality. To save handling time, address the product directly to the INFINITE UPTIME RMA Department and please include the RMA# on your return for identification purposes.

The numbers should be visible on the package. Any returns that do not meet this requirement will deny as determined by the INFINITE UPTIME RMA Dept.

Pls use the RMA Request Form below for your communications with regards to all RMA Returns.
